

# Reaching Out to Let You Know...

## **Our Ventilator & Special Care Unit is NOW OPEN!**

Founded in 1883, our St. Margaret's Center is a skilled nursing facility providing short-term, long-term, and respite care to children and young adults with disabilities and complex medical needs.

Every child deserves a home, and we aim to provide just that--a nurturing and home-like setting. Our dedicated team of professionals delivers individualized care, focusing on the unique needs and personality of each resident. In addition to nursing and therapy services, we provide recreation and play, and on-site educational programs.

### **Accepting New Referrals**

**For our on-line Admissions Form, visit our website:**
